

## ***CHALLENGING OPPORTUNITIES IN A LEADING INDIGENEOUS CONSTRUCTION COMPANY***

### ***BACKGROUND:***

We are a dynamic and forward looking indigenous construction company with absolute commitment to adopting international construction best practices and quality standards.

We have regional operational offices in Abuja, Lagos and Port Harcourt and pride ourselves in high quality service delivery to our clientele across all sectors of the economy.

Due to rapid growth and expansion, we are looking for suitably qualified talents who have built careers with international companies in Nigeria or in developed countries at the highest level, to join our team as:

### ***POSITIONS:***

**(A) Project Manager (Port Harcourt), (B) Design Engineer (Lagos), and  
(C) Head Commercial and Contracting (Lagos)**

### ***MINIMUM EDUCATIONAL QUALIFICATION, TECHNICAL EXPERIENCE & COMPETENCE:***

#### ***(A) PROJECT MANAGER (PORT HARCOURT)***

- HND/B.Sc./ B. Eng. in Building / Civil Engineering from a recognized institution within and outside Nigeria with a minimum of Upper Credit or 2.1 is required. Candidates with 2.2 and outstanding experience may be considered.
- 15 years post first degree experience in international construction firms within and outside Nigeria, with excellent project planning, coordination and organizational skills are required.
- M.Sc. in Construction Management from a recognized institution would be an added advantage.
- Membership of relevant professional bodies (e.g. MNSE, COREN etc.) is compulsory.
- Experience in a reputable organization that upholds international construction best practices, safety standards and project management is highly desired. Demonstrated success in Multi-storey buildings would be given preference.

### ***(B) DESIGN ENGINEER (LAGOS)***

- B.Sc./B.Eng. in Civil / Structural Engineering from a recognized institution with a minimum of 2.1 is required. Candidates with 2.2 and outstanding experience may be considered.
- 5 years post first degree experience from a reputable Structural Engineering Design firm and ability to work within a team are required.
- M.Sc./M.Eng. in Structures from a recognized institution is desirable.
- Membership of relevant professional bodies (e.g. MNSE, COREN etc.) is compulsory.
- Ability to work with modern Software for Analysis and Design is mandatory.

### ***(C.) HEAD COMMERCIAL AND CONTRACTING (LAGOS)***

- HND/B.Sc. in Quantity Surveying with a minimum of Upper Credit or 2.1 from a recognized institution. Candidates with 2.2 and outstanding cognate experience may be considered.
- 10 years post First degree relevant experience in construction or a good mix of consulting and construction roles. Candidates must have worked at least two years at a management or decision making level.
- M.Sc. Construction Management or M.Sc. Quantity Surveying or MBA from a recognized institution is mandatory. Membership of relevant professional bodies (e.g. ANIQS or MRICS) is compulsory. PMP or other allied professional qualifications will be an added advantage.
- Individuals must possess good analytical, leadership and team building skills. The successful candidate would be required to have good client management skills and industry-wide understanding of commercial and contracting dynamics.

### **REMUNERATION / BENEFIT PACKAGE:**

Competitive remuneration packages and challenging career prospects with unbeatable opportunities for growth await the successful candidates.

### **METHOD OF APPLICATION:**

**Interested applicants should forward comprehensive CV detailing key project achievements together with a cover letter, to the email address: [info@constructionkaiser.com](mailto:info@constructionkaiser.com) on or before January 13th, 2017, using the position applied for as the subject of email. Only qualified candidates would be contacted.**
